

Installer - Bug #26839

Add dns_view option into Infoblox config

05/21/2019 08:49 AM - Lukas Zapletal

Status: Closed	
Priority: Normal	
Assignee: Lukas Zapletal	
Category: Foreman modules	
Target version:	
Difficulty:	Fixed in Releases: 1.23.0
Triaged: Yes	Found in Releases:
Bugzilla link: 1712283	Red Hat JIRA:
Pull request: https://github.com/theforeman/puppet-for-eman_proxy/pull/507	
Description	
This option was implemented little bit later:	
--- a/config/dns_infoblox.yml.example ++ b/config/dns_infoblox.yml.example # View used for records, usually 'default.myview' for custom names. +#:dns_view: 'default'	
We want this in Puppet and Installer.
