

Installer - Bug #28841

Change Candlepin ExpiredPoolsJob to run once every 24h

01/22/2020 07:24 PM - Mike McCune

Status: Closed	
Priority: High	
Assignee: Mike McCune	
Category:	
Target version:	
Difficulty:	Fixed in Releases: 2.0.0
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/theforeman/puppet-candlepin/pull/141	
Description	
Description	
Due to performance issues in large environments we need to update the ExpiredPoolsJob to only run once every 24 hours instead of the current default of every hour.	
See: https://bugzilla.redhat.com/show_bug.cgi?id=1793092 for more background	
With the large Organizations in Foreman, it may take more than 60 minutes to complete the ExpiredPoolsJob so we need to give it more time as well as reduce the daily load on Candlepin with the current scheme of once every 60 minutes.
