#### Associated revisions

##### Revision 01f75774 - 09/04/2020 02:48 PM - William Clark

Fixes #29799 - Move --clear-pulp-content to hooks/

##### Revision 6df4fa47 - 10/12/2020 11:49 AM - Ewoud Kohl van Wijngaarden

Refs #29799 - Define clear mongo methods in module

3dcd45bef6f56a7af898eddf3283229f0e33d065 moved these methods to the common context but defined them outside of the module. This means they were not usable in the pre context. That leads some some infinite loop until the machine is out of memory.

It also handles the case when katello::pulp\_db\_seeds returns nil, which is always the case on a content proxy.
