Fixes #29803 - Move --certs* to hooks/

Revision 073aea3b - 10/23/2020 07:21 PM - Eric Helms

Refs #29803: if katello-certs-check fails the installer should exit

This behavior got changed when the certs hook was moved to the hooks/ directory and would now only log an error message while continuing the installer execution to run.
