Fixes #30133 - Install python3-subscription-manager-rhsm

Revision 532044b7 - 06/26/2020 11:23 AM - Ewoud Kohl van Wijngaarden

Refs #30133 - Unconditionally install RHSM

python3-subscription-manager-rhsm is needed on both EL7 and EL8. On EL7 it's not part of the base OS since rhsm is using Python 2. On EL8 it's installed when subscription-manager is. However, it's good to be explicit about what you need to function. Likely to be present is not good enough.
