Target version:	
Difficulty:	Fixed in Releases:
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Description	
See RFC -- https://community.theforeman.org/t/generation-of-cached-api-doc-and-dynamic-content-types/26587	
This changes needs to ensure:	
<ul style="list-style-type: none">• Rendering of HTML docs does not break when a user requests it from the server• Hammer works• A change to Foreman or a plugins API results in hammer having an up to date JSON schema or throwing a warning that it is out of date and needs to be re-fetched
