Description

Evaluation Error: Error while evaluating a Function Call, Duplicate declaration: Package[cyrus-sasl-plain] is already declared at (file: /usr/share/foreman-installer/modules/katello_devel/manifests/install.pp, line: 5); cannot redeclare (file: /usr/share/foreman-installer/modules/qpid/manifests/install.pp, line: 21) (file: /usr/share/foreman-installer/modules/qpid/manifests/install.pp, line: 21, column: 5)

Did confirm that the installation proceeds after removing cyrus-sasl-plain from katello_devel/manifests/install.pp.
