

Installer - Feature #3543

add support for external nodes script to run as different user

10/29/2013 05:53 PM - Greg Petras

Status: Closed	
Priority: Normal	
Assignee: Greg Petras	
Category: Foreman modules	
Target version: 1.4.0	
Difficulty: trivial	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description Currently the Foreman ENC script does not easily allow you to change the username the script runs as. It would be nice to be able to set the username in a variable at the top of the script.
