Revision 1e2f8390 - 12/13/2022 05:45 PM - Eric Helms

Fixes #35681: Use registration_url for RHSM and Pulp content URL

If specified to foreman_proxy, the registration_url will be used to set the values of the RHSM URL and the Pulp content URL. This is only applied to situations where the Pulpcore is set up in mirror mode.
