Description	
<p><p>The Phusion Passenger application server encountered an error while starting your web application. Because you are running this web application in staging or production mode, the details of the error have been omitted from this web page for security reasons.</p></p> <p>[2023-02-01 15:00:04] Foreman::PluginRequirementError: ERF72-9220 [Foreman::PluginRequirementError]: foreman_discovery plugin requires Foreman >= 3.3 but current is 3.1.0</p> <p>[2023-02-01 15:00:04] API controllers newer than Apipie cache! Run apipie:cache rake task to regenerate cache.</p>

- Status changed from New to Need more information

We haven't supported Passenger for a while. I think the error is also quite clear: you're trying to use a newer discovery plugin than Foreman. I'd check your repository configuration.

<https://deb.theforeman.org/pool/plugins/3.0/r/ruby-foreman-discovery/> found the matching version and once installed things start up correctly
