<b>Description</b>	
<p>Currently gems defined in the Gemspec<sup>1</sup> are not getting installed / updated on windows.</p> <p>I worked around it by adding a new file in bundler.d:</p> <pre>gem 'rack', '&gt;= 1.3' gem 'sd_notify', '~&gt; 0.1' gem 'sinatra', '~&gt; 2.0' gem 'webrick', '~&gt; 1.0'</pre> <p>Should we add these to windows.rb?</p> <p>[1] <a href="https://github.com/theforeman/smart-proxy/blob/54057ee6d748fe9e7c65221dc03cc44860f5a915/smart_proxy.gemspec#L16">https://github.com/theforeman/smart-proxy/blob/54057ee6d748fe9e7c65221dc03cc44860f5a915/smart_proxy.gemspec#L16</a></p>
