#### Description

Kafo 7.1.0 (unreleased at the moment) has started to capture Puppet reports. This allows showing the failed resources which makes it easier to troubleshoot failures. Ideally speaking the user doesn't have to open the installer log anymore and the regular installer command is sufficient.

Fixes #36694 - Show failed resources on installation

Kafo 7.1.0 has started to capture Puppet reports and in 7.2.0 it was extended for better messages. This allows showing the failed resources which makes it easier to troubleshoot failures. Ideally speaking the user doesn't have to open the installer log anymore and the regular installer command is sufficient.

#### History

##### #1 - 08/23/2023 02:52 PM - Ewoud Kohl van Wijngaarden

- Target version set to 3.8.0
